The Sub-Contractor shall either conduct the Tests as directed by the Authority’s Engineer/Employer or provide such assistance as the Authority’s Engineer/Employer may reasonably require for conducting the Tests. In the event of the Sub-Contractor and the Authority’s Engineer/Employer failing to mutually agree on the dates for conducting the Tests, the Sub-Contractor shall fix the dates by giving not less than 10 (ten) days notice to the Authority’s Engineer/Employer.

12.1.2 All Tests shall be conducted in accordance with Schedule-K. The Authority’s Engineer/Employer shall either conduct or observe, monitor and review the Tests conducted by the Sub-Contractor, as the case may be, and review the results of the Tests to determine compliance of the Project Highway or a Section thereof, with Specifications and Standards and if it is reasonably anticipated or determined by the Authority’s Engineer/Employer during the course of any Test that the performance of the Project Highway or Section or any part thereof, does not meet the Specifications and Standards, it shall have the right to suspend or delay such Test and require the Sub-Contractor to remedy and rectify the Defect or deficiencies. Upon completion of each Test, the Authority’s Engineer/Employer shall provide to the Sub-Contractor of all Test data including detailed Test results. For the avoidance of doubt, it is expressly agreed that the Authority’s Engineer/Employer may require the Sub-Contractor to carry out or cause to be carried out additional Tests, in accordance with Good Industry Practice, for determining the compliance of the Project Highway or Section thereof with the Specifications and Standards.

12.2 Provisional Certificate

12.2.1 Subject to the provisions of Clause 12.2.5, upon completion of all Works forming part of the Project Highway, save and except the Works for which Time Extension has been granted under Clause 10.5, the Authority’s Engineer/Employer shall, at the request of the Sub-Contractor, issue a provisional certificate of completion substantially in the form set forth in Schedule-L (the “Provisional Certificate”) if the Tests for and in respect of the completed Works are successful. The Provisional Certificate shall have appended thereto a list of outstanding items of work (the “Punch List”) that need to be completed in accordance with the provisions of this Agreement.
The Sub-Contractor undertakes to complete the minor outstanding items of works in respect of those Sections of
the Project Highway for which the Provisional Certificate has been issued, within a period of 30 (thirty) days of the date of Provisional Certificate, and those parts of the Works in respect of which Time Extension has been granted, within the extended period thereof. For the avoidance of doubt, the Parties agree that the Punch List shall include all Works for which Time Extension has been granted and shall also include any minor outstanding items of work forming part of the completed Sections if such works do not materially affect the use of the completed Sections for their intended purpose. The Parties further agree that Provisional Certificate shall not be issued if the completed Works cannot be safely and reliably placed in service of the Users thereof.

12.2.2 Upon issue of Provisional Certificate, the provisions of Articles 14 and 17 shall apply to the completed parts of the Project Highway and the property and ownership of all such completed Works shall vest in the Authority.

If the Authority’s Engineer/ Employer determines that the Project Highway or any completed part thereof does not conform to the provisions of this Agreement and cannot be safely and reliably placed in operation, it shall forthwith make a report in this behalf and send copies thereof to the Employer and the Sub-Contractor and withhold issuance of the Provisional Certificate until the Defects or deficiencies are rectified by the Sub-Contractor and Tests are successful in accordance with this Article 12.

For the avoidance of doubt and by way of illustration, the Parties agree that if the Contract Price in Clause 19.1.1 is Rs. 105 cr. (Rs. one hundred and five crore) and the works withdrawn under Clause 8.3.3 have a value of Rs. 5 cr. (Rs. five crore), a Provisional Certificate shall not be issued until valid claims for payment of an amount of Rs. 80 cr. (Rs. eighty...
have been submitted by the Sub-Contractor in accordance with the provisions of this Agreement. It is further agreed that all price adjustments made in pursuance of Clause 19.10 shall not be reckoned for computation of the claims for payments referred to in this Clause 12.2.5.

12.3 Completion of remaining Works

All items in the Punch List shall be completed by the Sub-Contractor in accordance with the provisions of this Agreement. For any delay in their completion other than for the reasons solely attributable to the Employer or due to Force Majeure, the Employer shall be entitled to recover Damages from the Sub-Contractor in accordance with the provisions of Clause 10.3.2 of this Agreement.

12.4.3 Without prejudice to the obligations of the Sub-Contractor specified in Articles 14 and 17, the property and ownership of all the completed Works forming part of the Project Highway shall vest in the Employer.

12.5 **Rescheduling of Tests**

If the Authority’s Engineer/ Employer certifies to the Authority and the Sub-Contractor that it is unable to issue the Completion Certificate or Provisional Certificate, as the case may be, because of events or circumstances on account of which the Tests could not be held or had to be suspended, the Sub-Contractor shall be entitled to re-schedule the Tests and hold the same as soon as reasonably practicable.
ARTICLE 13

CHANGE OF SCOPE

13.1 Change of Scope

13.1.1 The Employer may, notwithstanding anything to the contrary contained in this Agreement, require the Sub-Contractor to make modifications/alterations to the Works ("Change of Scope") before the issue of the Completion Certificate either by giving an instruction or by requesting the Sub-Contractor to submit a proposal for Change of Scope only if there will be involving additional cost or reduction in cost or accelerated the work. Any such Change of Scope shall be made and valued in accordance with the provisions of this Article 13.

13.1.2 Change of Scope shall mean:

(a) change in specifications of any item of Works;
(b) omission of any work from the Scope of the Work except under Clause 8.3.3; provided that, subject to Clause 13.5, the Employer shall not omit any work under this Clause in order to get it executed by any other authority; and / or
(c) any additional work, Plant, Materials or services which are not included in the Scope of the Project, including any associated Tests on completion of construction.

13.1.3 If the Sub-Contractor determines at any time that a Change of Scope will, if adopted, (i) accelerate completion, (ii) reduce the cost to the Employer of executing, maintaining or operating the Project Highway, (iii) improve the efficiency or value to the Employer of the completed Project Highway, or (iv) otherwise be of benefit to the Employer, it shall prepare a proposal with relevant details at its own cost. The Sub-Contractor shall submit such proposal, supported with the relevant details and the amount of reduction in the Contract Price to the Authority to consider such Change of Scope. The Employer shall, within 30 (thirty) days of receipt of such proposal, either accept such Change of Scope with modifications, if any, and initiate proceedings therefore in accordance with this Article 13 or reject the proposal and inform the Sub-Contractor of its decision. For the avoidance of doubt, the Parties agree that the Sub-Contractor shall not undertake any Change of Scope without the express consent of the Employer, save and except any Works necessary for meeting any Emergency.

13.2 Procedure for Change of Scope

13.2.1 In the event of the Employer determining that a Change of Scope is necessary, it may direct the Authority’s Engineer / Employer to issue to the
Sub-Contractor a notice specifying in reasonable detail the works and services contemplated there under (the “Change of Scope Notice”).
13.2.2 Upon receipt of a Change of Scope Notice, the Sub-Contractor shall, with due diligence, provide to the Authority and the Authority’s Engineer/Employer such information as is necessary, together with preliminary documentation in support of:

(a) the impact, if any, which the Change of Scope is likely to have on the Project Completion Schedule if the works or services are required to be carried out during the Construction Period; and

(b) the options for implementing the proposed Change of Scope and the effect, if any, each such option would have on the costs and time thereof, including the following details:
