**Revision in Specification of Bill of Quantity Item No 5.2 of Volume-III**

Providing and laying 60mm thick factory made cement concrete interlocking paver block of M-30 grade made by block making machine with strong vibratory compaction, of approved size, design & shape, laid in required colour and pattern over and including 50mm thick compacted bed of coarse sand, filling the joints with fine sand etc. all complete. The paver block mentioned above shall be laid above random rubble masonry base properly compacted as per the instructions of Engineer In charge.

All other Terms & Conditions of ERO/MMD/780/1113 dtd. 02.08.2019 remains unchanged.

GGM (MMD)
Engineering Projects (India) Ltd.
